Flora's Story

Lost, cold, and confused, Flora was found running as a stray in Spanish Lake in December. Thankfully, a kind networking partner reached out to us at the APA Adoption Center and asked if we could help. Of course, we said yes. Upon arrival, it appeared that Flora was most definitely a mama dog in the past and had several health issues we needed to resolve...

Rocky the Cat

Rocky was brought to the APA Adoption Center in November by a local transfer partner – just in time for Thanksgiving. Rocky was certainly thankful to be somewhere safe! Upon his arrival our animal care team observed that he was suffering with some eye issues, most likely the result of past trauma. Find out more about his adoption online at apamo.org/rockythecat
