8,000 lbs. of food and 1,893 veterinary care services were provided across the region to pets and their people through Pet Partners, our community outreach program.

4,300

animals were cared for by our Veterinary Team in our low-cost wellness clinic.

Educating our children

1,851 children, older adults and families participated in the APA's education programs onsite and in the community.

Sweet Sal

Sal's story was a perfect APA birthday present. After spending nearly 9 months at a local animal control, the APA was able to transfer him to our Brentwood location. He was heartworm positive and in need of some R&R with a foster family. Because of his charming personality and wiggly tail, everyone was confident he would be adopted at our Boop Day celebration on July 26th (our official birthday!) and he was! His foster family couldn't resist keeping him, and he was heralded as our Birthday Mascot that very day—being adopted and cheered on his final walk through our doors!

4,298 spay/neuter surgeries were performed.

Dickens' Journey Home

When Dickens arrived at the APA, he was in pain and understandably scared. He was FIV+ with an upper respiratory infection and suffered from a very severe and painful case of dental disease. After implementing a comprehensive health plan, time with a caring foster family, and a chance to strut his stuff in the APA's new, serene cat room, Dickens was adopted and has started a new life in a loving home.

Check out the rest of Dickens' story today!

2,447 animals were given a second chance through our pet transfer program.

OLIVETTE

We launched a new foster program at **APA Olivette**, the first ever at that location.

HOURS OF VOLUNTEER SERVICE TO HELP ANIMALS, AT AN ESTIMATED VALUE OF $1.3M

To the Next 100 Years!

Every day, our staff is 100 % dedicated to the quality of life for each and every animal while in our care. Without exception, we live by our mission statement: Founded in 1922, the APA Adoption Center of Missouri is a nonprofit organization dedicated to bringing people and pets together, advancing humane education, and creating programs beneficial to the human/animal bond.
