Hold on to your whiskers –

2025

was purr-ty incredible!

The heart of what we do

5,553 animals were adopted into loving homes

458 lost pets were reunited with their families

Thinking about a new family member? Start here!

apamo.org/adopt/adoptable-pets

558 children and families participated in the APA's education programs onsite and in the community

LOOK AT LAILA NOW!

Laila was found frightened and heavily pregnant near a lake in Holts Summit, Missouri. For three days, two kind community members kept her safe until help arrived.

When she came to the APA, she had just given birth to 11 tiny puppies, who were all quickly adopted into loving homes once they were old enough. After caring for them, Laila underwent surgery for a painful infection and received treatment for an old leg fracture and hip dysplasia.

The best news: After 200 days in care at the APA, Laila found a loving home in February 2026!

Net Assets ■ Beginning of the Year: $28,020,233 - End of the Year: $33,392,982

TOTAL EXPENSES: $9,670,713 *

3,480 pets were fostered

APA NORTH IS COMING IN 2027!

In 2025, we took an important step toward the future by securing a second permanent location for APA. Now, a new chapter is beginning in North St. Louis County — expanding lifesaving services and support for pets and the people who love them.

Scan to learn more about APA North, including plans for expanded veterinary care, adoption, and community pet support services.

4,164 pets were spayed and neutered

HOUDINI IS HOME!

Houdini was just a week old when he arrived at the APA — fragile, injured, and in need of intensive care. He was treated for severe ringworm and injuries to his face, ears, and tail. His foster parents bottle-fed him through the night and made countless trips to the APA for treatment. Somewhere along the way, they fell in love.

After his surgery, they made it official — adopting the kitten they helped heal from the very beginning.

Now Houdini is healthy, happy, and exactly where he belongs.

THANK YOU!

72,330 hours of impact from **892** volunteers

PARTNERING WITH OUR COMMUNITIES

14,113 pounds of pet food were distributed to pets in need across our region

1,480 community pets received support through vaccine clinics, free spay/neuter services, and other community programs

4,780 visits by community pets to our accessible and affordable veterinary clinic

We are experts at caring for adoptable AND community animals. In total, more than 10,000 pets were treated by our veterinary team.

A Year of Impact—A Future of Possibility.

Our team is fully committed to giving every animal the best possible care, every single day. Guided by our mission—**to bring and keep pets and people together, building connections that strengthen families and communities**—we work to ensure every pet has the opportunity for a loving home and every family has the support they need to care for the animals they love.

Because of champions like you, 2025 was a year of meaningful impact for pets and people across our region. And as we look ahead to 2026, we see even greater possibility—expanding our reach, deepening partnerships, and bringing compassionate care and resources to new communities so more pets and families can thrive together.
